স্মারক নং- ৩৭.০২.০০০০.১০৬.২৭(অংশ-২).০০১.২০-১০৬

তারিখ: ২৬/০৮/২০২১ খ্রি.

বিষয়: ২০২১ সালের এস.এস.সি পরীক্ষায় অংশগ্রহণকারী শিক্ষার্থীদের জন্য অ্যাসাইনমেন্ট (ইংরেজী ভার্সন- চতুর্থ ও পঞ্চম সপ্তাহ) বিতরণ।

উপর্যুক্ত বিষয়ের প্রেক্ষিতে জানানো যাচ্ছে যে, কোভিড-১৯ অতিমারির কারণে শিক্ষা মন্ত্রণালয়ের নির্দেশনায় জাতীয় শিক্ষাক্রম ও পাঠ্যপুস্তক বোর্ড (এনসিটিবি) কর্তৃক প্রণয়নকৃত ২০২১ সালের এস.এস.সি পরীক্ষায় অংশগ্রহণকারী শিক্ষার্থীদের জন্য পুনর্বিন্যাসকৃত পাঠ্যসূচির আলোকে নির্ধারিত গ্রিড অনুযায়ী **অ্যাসাইনমেন্ট (ইংরেজী ভার্সন- চতুর্থ ও পঞ্চম সপ্তাহ)** বিতরণ করা হলো। বিতরণকৃত অ্যাসাইনমেন্ট সকল শিক্ষার্থীদের প্রদান ও গ্রহণের ক্ষেত্রে স্বাস্থ্যবিধি সংক্রান্ত বিধি-নিষেধ যথাযথভাবে অনুসরণপূর্বক প্রয়োজনীয় ব্যবস্থা গ্রহণের জন্য সংশ্লিষ্ট সকলকে নির্দেশক্রমে অনুরোধ করা হলো।

সংযুক্ত: অ্যাসাইনমেন্ট (ইংরেজী ভার্সন- চতুর্থ ও পঞ্চম সপ্তাহ)।

২৬.০৮.২০২১

(প্রফেসর মোহাম্মদ বেলাল হোসাইন)

পরিচালক (মাধ্যমিক)

ফোন: ০২-৪১০৫০২৮৫

বিতরণ:

- ১। উপপরিচালক (সকল), মাধ্যমিক ও উচ্চ শিক্ষা, সকল অঞ্চল
- ২। জেলা শিক্ষা অফিসার, সকল জেলা
- ৩। উপজেলা/থানা মাধ্যমিক শিক্ষা অফিসার, সকল উপজেলা/থানা
- ৪। অধ্যক্ষ/প্রধান শিক্ষক.....

অনুলিপি ও সদয় জ্ঞাতার্থে (জ্যেষ্ঠতার ক্রমানুসারে নয়):

১. সচিব, শিক্ষা মন্ত্রণালয়, মাধ্যমিক ও উচ্চ শিক্ষা বিভাগ, বাংলাদেশ সচিবালয়, ঢাকা
২. চেয়ারম্যান, জাতীয় শিক্ষাক্রম ও পাঠ্যপুস্তক বোর্ড, ঢাকা
৩. চেয়ারম্যান, মাধ্যমিক ও উচ্চ মাধ্যমিক শিক্ষা বোর্ড, সকল
৪. জেলা প্রশাসক, সকল জেলা
৫. সিনিয়র সিস্টেম এনালিস্ট, ইএমআইএস সেল, মাধ্যমিক ও উচ্চ শিক্ষা অধিদপ্তর, বাংলাদেশ, ঢাকা
[অ্যাসাইনমেন্টটি মাউশি অধিদপ্তরের ওয়েবসাইটে প্রকাশের অনুরোধসহ]
৬. উপজেলা নির্বাহী অফিসার, সকল উপজেলা
৭. পিএ টু মহাপরিচালক, মাধ্যমিক ও উচ্চ শিক্ষা অধিদপ্তর, বাংলাদেশ, ঢাকা
৮. সংরক্ষণ নথি

4 Chapter Three: Janapadas of Ancient Bengal	Draw a map of Ancient Bengal to identify different territory (Janapadas) and describe under which territory your district belonged to	Learners will be able to -identify the present locations of the Janapadas of ancient Bengal and describe them; -explain the importance of the Janapadas in searching information of ancient Bengal; and -be interested to know the importance of the Janapadas in gathering ideas about the history of ancient Bengal.	<ul style="list-style-type: none">Identifying all the territories (Janapadas) by drawing a map of ancient Bengal;Explanation of the importance of these territoriesExplanation of the concept of ancient Bengal's history;Explanation of under which territory the Student's own district was included.	Indicator	Rating Scale				Score			
					4	3	2	1				
				a) Identifying the territories by drawing a map of ancient Bengal	Identified the territories accurately by drawing a map of ancient Bengal properly.	Identified the territories mostly by drawing a map of ancient Bengal.	Identified the territories partially by drawing a map of ancient Bengal.	The drawing of a map of ancient Bengal is not correct and the territories have not been identified.				
				b) Explaining the importance of the ancient territories	The importance of ancient territories has been explained accurately.	In most cases, the explanation of the importance of the ancient territories is correct.	Explanation of the importance of ancient territories is partially correct.	Explanation of the importance of the ancient territories is not accurate.				
				c) Explaining the concept of ancient Bengal's history;	The concept of ancient Bengal's history has been presented accurately.	The concept of ancient Bengal's history has been presented mostly.	The concept of ancient Bengal's history has been partially presented.	The presentation of the concept of ancient Bengal's history is not correct.				
				d) Explaining the territory under which Student's own district was included	Explanation of student's own territory is accurate	Explanation of student's own territory is mostly correct.	Explanation of the student's own territory is partially correct.	Explanation of student's own territory is not accurate.

Subject Code-146

Level: SSC

Subject Code-140

Level: SSC

Assignment Number, Chapter Number, Chapter Title	Assignment	Learning Outcomes	Guidelines (cues/steps or stages)	Assessment Criterion (Rubric)					Com'ts
03 Chapter Three: Double Entry System	Applying of Double Entry and Single Entry System Helping Information--01: Sabina Enterprise keeps all books under double entry system. On May, 2020 the following transactions occurred in the business: May 5-Goods sold by check of tk.10,000. May 15-Rent paid in advance tk.12,000. May 22- Goods withdrawn by owner from the business of tk.5,000. May 30 Interest allowed by bank tk.1,000. Helping Information--02: Tausif Brothers does not keep the books of accounts properly. On 1 st January, 2020 total assets of the business were of tk.5,30,000 and total liabilities were of tk.2,90,000. Owner newly invested tk.80,000 in the business in this year and withdrew tk.65,000 from the business. On 31 st December, 2020 the assets & liabilities of the business were as follows: Office equipment tk.1,50,000; Accounts receivable tk.80,000; stock of goods tk.70,000; bank deposit tk.50,000; investment tk.2,00,000; accounts payable tk.50,000; loan tk.2,00,000; outstanding salary tk.10,000.	Students will be able to ●explain the advantages of double entry system ● identify the two parties involved in transactions i.e Debit & Credit ●explain the various steps involved in accounting cycle ●calculate the profit of business by taking idea of single entry system.	● Explaining the advantages of double entry system ● Determining the debit and credit of transactions ● Describing the steps of accounting cycle ●Determining the profit/loss in single entry system	Indicator	Rating Scale				Score
					4	3	2	1	
				a) Explaining the advantages of double entry system	If at least 8 advantages explained of double entry system	If 6 or 7 advantages explained of double entry system	If 4 or 5 advantages explained of double entry system	If 2 or 3 advantages explained of double entry system	
				b) Determining the debit and credit of the transactions on the basis of helping information-01	If 4 transactions determined in debit & credit	If 3 transactions determined in debit & credit	If 2 transactions determined in debit & credit	If 1 transaction determined in debit & credit	
				c) Briefly describing the steps of accounting cycle	If at least 8 steps of Accounting cycle described briefly with diagram	If 6 or 7 steps of Accounting cycle described briefly with diagram	If 4 or 5 steps of Accounting cycle described briefly with diagram	If at least 3 steps of Accounting cycle drawn or naming 2 steps with description	
				d) Determining the profit/loss in single entry system on the basis of helping information-02	If opening capital, closing capital and profit & loss determined correctly	If opening capital & closing capital determined correctly	If opening capital or closing capital (any 1) determined correctly	If any 2 formulas of determining opening capital, closing capital and profit & loss written correctly

mixed water.

Table-2 Rate of Photosynthesis

Factor	Real name	When does the rate of photosynthesis increase	When does the rate of photosynthesis decrease
a			
b			
c			

4. A sunny day is to be selected for the experiment. The same amount of water should be used for each experiment so that plant parts are submerged fully. The same plant should be used in each experiment. But every time water must be changed and all things must be washed properly with clean water.

5. After setting all six experiments, in every case after one hour in every one minute, bubble numbers are to be noted three times. The average of three counts will be the bubble number per minute. That number has to be written in the required parts of table-1.

6. Causes of differentiation or no differentiation of bubble number to be explained through comparisons in pair A-1 vs A-2, B-1 vs B-2 and C-1 vs C-2. Every explanation should be in 20-30 words.

7. In table 2 real name of (according to the textbook) factors should be written. At the same time, when the photosynthesis rate increases or decreases affected by the mentioned factors is to be cited.

8. Special attention is needed so that the experiments are carried out sequentially starting from the morning.

03 Chapter Eight Trigonometry	The solution of radian measurement and degree measurement related problems: Mr. Ratul in his regular morning walk makes a round of a circular park of two kilometers circumference maintaining equal velocity. He starts his round at 6.45 and finishes at 7.25 in the morning.	Students will be able to: 1. Explain the concept of radian measurement. 2. Determine the relation between radian measurement and degree measurement.	Students will answer in the following manner: a. Determine the angle created at the centre of the park with the distance which Mr. Ratul covers right at 7 am in the morning. b. Express the angle between minute and hour hands of the clock in radian at the time of his start of the walk. c. Express your logic whether the angle at the centre will be changed or not if someone walks the equal distance of the radius throughout the circumference of the circle.	Indicator	Rating Scale				Score
					4	3	2	1	
				a	Expressed in degree.	Found the value of the angle in the radian.	Found the distance.	Found the radius of the park.	
				b	Expressed in radian	Found the angle between two hands of the clock in degree.	Found the difference between the two hands of the clock.	Identified the position of the hour hand at the start of walk.	
				c	Analyzed the result and then expressed the opinion.	Established the relation between arc of the circle and central angle produced by arc.	Showed through the radius, the arc equal to radius and the length of the arc produced right angle at the centre into the radius.	Drew the graph necessary to express opinion
